Dear John,

We would like to take this opportunity to thank you again for your participation in the NIAAA sponsored symposium, "Alcohol and Other Drug Treatment for Homeless People." The response from the Health Care for the Homeless projects staff was very positive and we believe a great deal was accomplished through the exchange of ideas with individuals involved with the NIAAA research demonstration projects.

Enclosed you will find a draft copy of the proceedings from the symposium that was prepared by Anne Lezak. We are interested in any comments you may have about the document as a whole, although we would particularly like you to review the summary of your presentation(s) for accuracy and completeness. In order to facilitate publication and distribution of the proceedings, all corrections, comments, suggestions, should be communicated to Peggy Murray by January 15th. She can be reached by phone at 301-443-0786 or fax at 301-443-9334.

We would like to extend our wishes for a happy and successful new year as you continue on with your work with homeless individuals and families.

Sincerely,

Robert B. Huebner, Ph.D.
